- 1. Rite Aid can not process charges at the item level. Roll up any item charges and transmit in a summary level SAC segment.
- 2. Please contact Rite Aid's EDI Department (717)731-3815 for authorization to transmit any codes that are not recognized above. Sending a code not on the Rite Aid table will cause delays in processing your invoices.

### RITE AID CORPORATION DIRECT STORE DELIVERY (DSD) Invoice (810) Version 5010

### **General Comments:**

#### **Invoices For Direct Store Deliveries**

- 1. Rite Aid always views the TDS01 invoice amount as a positive number.
- 2. The BIG07 value <u>must</u> be "CR" to process an invoice as a credit.
- 3. The TDS01 is the invoice net amount (the amount the trading partner is requesting Rite Aid to pay). Zeros (0) may not be sent in TDS.
- 4. If there are no charges or allowances the SAC segment should not be sent.
- 5. Version 5010 DSD invoices are expected with detail. Non-required segments are accepted and will not be used in Rite Aid's AP systems.
- 6. For additional information and details regarding Rite Aid's supply chain requirements and to access **Rite Aid's Supplier Compliance Guide**, please logon to the Rite Aid portal, must be a registered supplier with a valid user ID and password to access. Rite Aid's **Supplier Portal** can be found at <u>www.RiteAid.com</u> then select *Our Company*, click on *Supplier Portal*
