From: Rite Aid Accounting Department  
Date: June 10, 2010  
Re: EDI Invoices – DSD Line Item Detail Initiative

---

The purpose of this communication is to inform our Direct Store Delivery (DSD) suppliers of additional EDI requirements for all Invoice (810) transactions related to Direct Store Deliveries (DSD).

Effective this date Rite Aid Corporation is requesting that all EDI invoices and credits associated with Direct Store Deliveries (DSD) include line item detail. The new line item detail should include valid UPC numbers, item descriptions, quantities, and associated costs per item in accordance with Rite Aid EDI specifications and requirements. Please visit our *EDI Trade Services* web site at <http://www.riteaidediservices.com/> and click on the B2B / EDI tab and go to EDI Mapping Requirements and the document titled 'DSD Invoice (810) - With Item Detail'.

If line item detail is currently available, please begin sending the line item detail in Rite Aid EDI invoices immediately. If you are not capable of sending the invoice line item detail or if it will take time to set up we ask that you please advise us accordingly.

Rite Aid EDI Department has also informed many of the third-party EDI service provider's being utilized in regards to this initiative. However, if you are utilizing one of these services to submit invoices it is incumbent upon you to contact and insure they properly support your needs and provide assistance you require.

We ask that you respond with your capability to comply with the request for DSD invoice line item detail as soon as possible. Please advise the date you will begin sending detail level 810 data or if you are unable to support this requirement by responding to the EDI Department.

Please contact Rite Aid Accounting or EDI Departments if there are any questions:

- Accounting Department -Tony Segin, at [asegin@riteaid.com](mailto:asegin@riteaid.com) or phone 717 730-8238.
- EDI Department – [edi@riteaid.com](mailto:edi@riteaid.com) or EDI Help Desk 717 732-3815., FAX -717-975-8623.

Thank you for your attention to this matter.
